President's Message

The annual Taneytown High School Alumni Banquet and an impending milestone birthday have me thinking about growing up and growing older. As my childhood memories are most pleasant, I've concluded, Taneytown was indeed a great place to grow up!

Perhaps that also explains my passion for learning more about, and sharing, the history of Taneytown. Whether it's the native inhabitants, early craftsmen, the mid-century businesses or the local architecture that may interest you, the Taneytown History Museum is an ideal place to begin an appreciation for the rich heritage of our community. If you haven't had the opportunity to stop by, plan a visit soon.

What's going on at the Museum?

Many nice comments!

Seems like we just had the grand opening but two months have passed! We have been having visitors during our open hours, not as many as we would like, but when they spend some time with us they are very impressed with the facility and the displays! Nancy Eyler gave some of the alumni of the Taneytown High School class of 1965 a private tour and on June 14, Nancy and I were privileged to give a presentation to the Taneytown Lions club, then have them in for a tour!

Continued from page 1

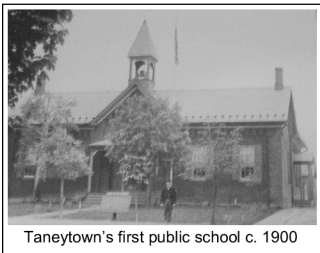

You can tell from the photos on page 1, that they enjoyed looking at the exhibits! Again many very nice comments!

We are busy planning the Hudson day scheduled for July 23 and our 12th Anniversary for August 13. I don't have a count on the number of Hudsons coming but I am confident there will be several. Mr. Martin Koons would be happy to see them visit his former Hudson dealership and I am sure he would love to be here to talk Hudson and look under the hoods!

School Bell Display

Public education began in Taneytown in the 1865 and by 1870 a two-room school was built on York Street. Additions were made to the school several times and it served the community until 1925. The bell, from the building's cupola, was given to the Museum and will soon be on display in the front lawn. Recently Bob Flickinger, Doug Heck and Carroll Hahn dug and poured a footer for the base. The base, constructed by students at Carroll Career and Tech Ctr., will soon be delivered and the refinished bell will be installed.

Historical Snippets

Taneytown Elementary School opened its doors on September 5, 1950. The modern brick building was constructed by Allen F. Feeser Co. of Taneytown. 10 classroom teachers served under Principal Stanley Stahl. Mr. Singleton Remsburg was elected the first PTA President. An addition was added in 1962, and a major renovation in 1995 produced the building we see today.

Center of Carroll County has agreed to do the video recording at the Museum or in a person's home. They supply the videographer and equipment and people of Taneytown supply the memories. Interviews began on June 20th and will continue each month. To share your early memories of Taneytown, contact Peggy Keeney at 410-346-7009 or email: THandMA@gmail.com
